Personal Emergency Rapid Response

Peace of Mind, Anytime, Anywhere

#### Personal Emergency Rapid Response

Personal Emergency Rapid Response (PER<sup>2</sup>) is a revolutionary mobile application that puts your safety first. It connects you to your security company and emergency responders, ensuring you get the help you need, when you need it most.

#### **Empowering Safety: Our Services**

PER<sup>2</sup> provides comprehensive support in a variety of critical situations, including:

- Accidents: Whether you've been in a car accident, suffered a fall, or experienced another unforeseen mishap, PER<sup>2</sup> can dispatch assistance quickly and efficiently.
- **Break-Ins:** If your home or business is compromised, PER<sup>2</sup> immediately alerts security personnel to respond to the situation and protect your property.
- Attack on the Road: Feeling unsafe while traveling? PER<sup>2</sup> provides rapid intervention in case of assaults, road rage, or confrontations on the road.
- **Fire Emergencies:** In the event of a fire, smoke alarm, or other fire-related incident, PER<sup>2</sup> instantly mobilizes responders to minimize damage and ensure your safety.
- **Domestic violence:** PER<sup>2</sup> prioritizes the safety of individuals facing Domestic violence. With specialized support features, it empowers users to discreetly seek help and access resources.
